

# Jonathan Huth

(925) 209-5792 | jhuth@berkeley.edu

## EDUCATION

---

**University of California, Berkeley**

**Berkeley, California**

*B.A. Economics*

Graduated 05/2017

- **Cumulative GPA:** 3.84 / 4.00
- **Awards and Honors:** UCI Regents Scholarship
- **Relevant Coursework:** Financial Economics, Econometrics, Probability Theory, Statistics, Data Science, Linear Algebra & Differential Equations, Real Estate Finance, Behavioral Finance, Micro & Macroeconomics, Intermediate Financial Accounting

## EXPERIENCE

---

**The Clorox Company**

**Oakland, California**

*Financial Analyst – Marketing Spend*

08/2018 – 02/2020

- Generated key business drivers by partnering cross-functionally with Sales and Marketing in the close/forecast cycle and communicated findings to finance leadership through monthly presentations and Tableau dashboards
- Generated > \$300k in cost savings by partnering with Marketing and systematically identifying/reallocating low efficiency spend. This led to my creation of an unallocated spend sweeper tool that would automatically identify unused spend and propose cutting and/or shifting it.
- Led input file automation initiative and overhauled data pipelines for our team's transition to Tableau for internal financial reporting
- Executed process improvements in monthly close files saving 200 hours of work per year across the business
- Built training programs for new hires on spend tracking tools, booking journal entries for monthly close/year-end accrual processes and working with data in Tableau

**ACORE Capital**

**Larkspur, California**

*Fall Analyst - Credit & Underwriting*

09/2016 – 11/2016

- Constructed market research reports for managing partners that outlines real estate market fundamentals, comparable sales analysis, discounted cash flow analysis, and potential credit risks and mitigating factors
- Oversaw borrower/sponsor financial analysis to ascertain creditworthiness for structuring commercial real estate loans ranging from \$50M-\$150M
- Maintained discounted cash flow models on live deals in Argus software and identified downside scenarios that could materially affect the firm's underwriting position

## ACTIVITIES

---

**Berkeley Investment Group**

**Berkeley, California**

*Undergraduate Member*

08/2015 – 05/2017

- Created custom portfolio allocation guidelines using Excel for \$130k fund based on risk preference and portfolio optimization
- Analyzed publicly traded companies using intrinsic valuation methods to identify undervalued investments

**Chi Phi Fraternity**

**Berkeley, California**

*Alumni Relations Chair*

08/2016 – 05/2017

- Organized social events that boosted alumni participation 15% and simultaneously raised money to support the house

## ADDITIONAL
